

## Bio

Mystery was born in the small city of Victoria, British Columbia, Canada in 1973. During her early twenties, she studied art history and traditional painting technique using reference material and became a self-taught artist. For 25 years she has been working as a professional artist. Oil paint is her preferred medium, though recently she has been doing some small works in gouache and watercolour. She has two degrees in horticulture and worked for some years as a horticulturalist, consultant, and landscape designer. Through this time, she continued to follow her passion by painting on weekends while raising two sons. In painting she is able apply her knowledge of trees, plants, and flowers, painting them in a convincing manner in landscapes. Her paintings have been displayed in art shows in and around Vancouver island. She is currently living and working in Port Alberni, BC, Canada.
